$32, 000 BEFORE YOU GRADUATE

The Navy offers you as a qualified student the chance to earn up to $32,000 during your junior and senior years, and never have to put on a Navy Uniform until after graduation. No drills, no summer obligations. In the Nuclear Propulsion Officer Candidate Program you'll get your start in nuclear power where nuclear power started. In the Navy. After you graduate, you'll get 6 months of graduate level engineering education in Orlando, Florida, plus 6 months of hands-on engineer training at a nuclear reactor trainer . . . and more. Just meet these requirements:

Be at least a junior, majoring in engineering, chemistry, science or math.

Have a minimum 3.3 GPA.

Have completed a mathematics sequence through integral calculus.

Have completed one year of calculus-based physics.

Be a United States citizen no more than 26 1/2 years old at time of commissioning and meet Navy physical standards.

Find out more.

This Schedule does not apply to courses taught through the Evening College. Instructors teaching classes scheduled for common examinations shall request the students in these classes to report to them any conflict with any other examination not later than November 15, 1990. Common exams are indicated by an asterisk. In case of a conflict, the regularly scheduled exam will take precedence over the common exam.

A student who has three final examinations scheduled by the Office of the Registrar within a twenty-four hour period may petition his or her dean for permission to have one of the scheduled examinations rescheduled. In the event that one of the scheduled examinations is a common final examination for a multiple-section course, that examination is the one to be rescheduled. In all cases in which an examination is to be rescheduled, the instructor may reschedule that examination during the final examination period, but not later than the end of the following semester. Any petition for a change in the examination schedule because of this rule must be made before the first day of the final examinations.

STUDENTS ARE STRANGE.

You live in rooms the size of shoe boxes. Eat pizza for breakfast. Ruin your posture by hauling heavy books around campus. And throw jello at the ones you love.

But it's okay with us. We love students. Because students love music.

So at Tracks & Record Bar, your student I.D. is good for something besides bad food. Here's a coupon that gets you five bucks off your next 2 tapes or CDs. Just a simple thank-you for being students. And being strange.
